Dear Workshop Presenter:

As you know, I will be arriving soon for our guitar workshop. Lots of information is available at my [www.chrisproctor.com](http://www.chrisproctor.com). If you have any questions after reading this sheet, please feel free to call or e-mail me as needed.

**My Arrival Time:** I generally arrive about two hours before the clinic starts, and will call ahead for directions and to answer any last-minute questions about a week ahead of the event.

**My Sound Needs:** (My tech rider and stage plot are at [www.chrisproctor.com](http://www.chrisproctor.com))

- 1) A riser or elevated stage so that all participants can see my presentation, and a chair.
- 2) Two good quality two-way speakers, power and mixer, and whatever cords they require.
- 3) An SM 58-type vocal mic with boom stand and cord.
- 4) I might need- a monitor, an extension cord and two guitar stands.

I bring 6 and 12-string guitars with the ES pickups, and preamp and an effects device, and will deliver a balanced, pre-effected and EQ'ed signal to the house mixer.

**My Product Sales:** I sell my recordings at all of my workshops. I will not sell my books, DVD's or videos if you have them in stock at the time of the clinic. Many stores carry my instructional videos/DVD's, A Fingerstyle Workshop with Chris Proctor, and Techniques for Contemporary 12-String Guitar, (Homespun Tapes, PROGT01 and 02), available from Hal Leonard, 800.221.2774, and my Warner/Alfred Publications book/CD, Chris Proctor- Guitar Collection, available directly from Alfred Publications, 818.892.2452.

**My Payment Information:** You may pay my artist's fee after the workshop in cash or check as suits your needs.

Again, feel free to call or e-mail if you have additional questions. Below you'll find a list of my equipment suppliers to help you prepare for the clinic. I'm looking forward to visiting your store and your customers. Here's to a great workshop!
